

Allen Joel Hayes

February 13, 1976 - October 20, 2024

It is with great sadness that the family of Allen Joel Hayes announce his passing on October 20, 2024.

Allen came into this world on February 13, 1976, born to the late Richard and Cathy Hayes. He was a beloved husband to Shannon Hayes and a thoughtful father to Allen J. (AJ) and Alivia, a step-father to Chase and Katelyn who he loved all dearly. He also was a loyal brother to Chris and Beth Hayes and many other relative and friends. He joins his parents in death along with twins, Alayna and Oliver. He went on to serve our country honorably in the United States Navy.

Allen touched many of our lives with his infectious humor and selfless effort in willing to help anyone. He was also known as a man of many talents and skill. We will all miss his funny antics and adventures we all had with him. It is often said, "it is not how long we live, but what we decide to do with the time that was given to us." Allen certainly gave us a lot of good memories and laughter with the time he was given to us. He will be missed by all.

“ *When I was getting ready to move about a year ago, I realized I had a leak in my water heater that resulted in mold and a floor having to be replaced. Allen selflessly came over to treat the mold twice, fix the floor, and installed the new water heater for me. He was a godsend during that stressful time for me and my family.*
