“ *Benny and I were in the same Sunday School class for many years. When no one else could answer a question about the Bible, he always could. I always admired his knowledge about the Bible. He was a very caring, loving person that will truly be missed.* ”

“ How I do miss my sweet cousin and confidant! We had vowed we would "attend" each other's funeral---though one of us would obviously be caught in an untruth!

*Benny and I played together as children, took walks in the woods and "imagined" together! Then as adults, we discovered so many things we had in common!*

*His search for ancestry led to us using Charles' search tools to discover very special heritage from the Wright family! I'm so glad I was able to share that information with him during the "Covid19" shutdown.*

*Benny's love and respect for our grandparents was mutual. He loved our family members and knew the history of so many people.*

*Though we talked about many things, we didn't always agree, but we did share such a deep respect and love for one another. We could disagree and still share love!*

*I've thought of calling him several times this week, only to be reminded that I can't talk to him until we meet in Heaven!*
