“ *Granny Bertha* ❤️

Where do I even begin!

From the day I meet you to the last day I seen you, you always welcomed me as family and never said a bad word about anyone you had such a sweet spirit about you!

You always showed love and compassion and gratefulness!

Thank you for so many laughs so many smiles if I could just have one more day with you to hear that laugh!

I will never forget the time I was going to sneak out the side door of your house to surprise you and I surprised myself when I went to open the door and the screen door came off the hinges and there I was standing with a screen door in my hands😭

I came out and told you and you laughed your butt off😂

I will always miss you

I love you so much!

But I know in my spirit The day you took your last breath here on earth you were walking in the presences of the lord!

That gives my heart so much joy!

I felt that the last day I seen you!

“ I love you granny. I will never forget the time I was wanting 2 pick you a flower and you said well honey go get it well i did and the little ol lady next door called the cops on me I was like 5 or 6. You always loved flowers and so did I. If I ever had a question you had the answer. There is so many memories I just don't know where 2 start. I love you more than words and I miss you so much. Till meet again  you.

“ Memories memories where do I even begin.. From as far back as I can remember you were always on the move. You could grow a beautiful flower out of a dead clump of roots. Decorate and collect Better than anyone I know. Granny you had a knack for letting us know if we were wrong but you loved us even bigger.. You may have not have had a lot when you were younger but you were richer than you could ever imagine with you vast family and friends. No words can put on paper of the gap you have left but I will not be selfish, I will let you fly and be with your loved ones that have gone before you. I will do my best to spoil the kids for you and never let them forget how much you loved them.. This is not goodbye just see ya later. I love you Granny now and always.
