Beverly Sue Green, 58, of Odenville, Alabama, died Wednesday, July 13, 2022.

Beverly had an outgoing and fun-loving personality. She enjoyed being with people, playing cards and party games and hosting friends in her home.

Beverly was a talented quilter and attended several quilting seminars. She enjoyed cooking. She hiked miles of the Appalachian trail for a number of years with deaf friends and loved the outdoors. She did a sailing cruise with deaf friends to Nantucket. A favorite place was the Green Family Cabin in Michigan. She was a strong, independent woman.

She attended the Lutheran School for the Deaf in Michigan and graduated from the Alabama School for the Deaf, Talladega, in the 80s.

She was diagnosed with ovarian cancer in August 2021.

In addition to her daughter, Victoria and granddaughter Everly, her immediate family survivors include her devoted and loving companion, Rodney Tucker; her father, Thomas L. Green and many friends and relatives.
