

Candace Hayes

April 11, 1959 - June 20, 2022

Candace Martin Hayes (Candy) age 63 of Pinson had her first day of eternity with our Lord on June 20th 2022. Although we all know she is happy and in her glory with all the Heavenly Host and preceding family and friends, she will be sorely missed by her family and friends here. Survived by her husband Alton, children Chastity & husband Terry Bonner, Robert Byrd, Jimmy & wife Joanna Hayes, Jesse & wife Becky Hayes. Too Many grandchildren and great grandchildren to list. Brother Larry and Elizabeth Martin, sister Cheri and Don Flanagan. Waiting on her in heaven were parents Robert and Faye Martin. Such a beautiful soul inside and out. Finally at peace. Embraced by God's loving arms. Love and miss you.... till we meet again.

She graduated from West Birmingham Christian high-school in 1977, was an Inventory control clerk for Labcorp 1985 -2007 (Presidential Achievement Award), and worked at Prince Place Assisted Living Home from 2009 to 2016 (Alabama State Administration Board licensed).

A life celebration and memorial will take place on Saturday July 16th 2022 at 2pm at the Brookside Church of Christ. 3350 Cherry Avenue in Brookside. Fellowship meal to follow downstairs. Everyone welcome, bring your tears and smiles.

“ I will always remember her giving me hugs and a kiss on the cheek every time I saw her and calling me sweetie or sweets. And anytime I hear the song who stole the cookies out of the cookie jar I have always thought of her. I'm going to miss her and love her so much. She was the best stepmom I could have ever hoped for. She was nothing but good to me. Love you and see you again one day.

“ Where do I begin? So many beautiful memories with this lady! She and I used to meet to walk in our neighborhood. On most occasions I would come to her house and she would come out to meet me. She almost always would be skipping to the car like Tinker Bell. Lol She had a contagious energy that just made you feel good. As I walked yesterday, I reflected on our conversations and just sort of took her with me. I miss my dear friend so much but I know she is skipping again in Heaven! 🥰💕

“ Mom would come to my house and spend a few day every mo th or so...and we would bi ge watch shows and just eat and eat...that beautiful woman could throw down some food....it was always a good time when she would come and be with me and family here...her laugh was so infectious and her light was so bright...the grandkids just loved her....we went to the safari one weekend and it was just the best time with her..I bet we went through that thing 3 or 4 times...she lived such a fulfilling life and she made me the woman I am today...if it wasnt for her or Alton I honestly done know where I would be...and Alton was always so supportive of her visits and would miss her and she would spend at least an hour telling him about our day...andbhe would always ask of she has eaten and she had a LIST lol....I am so going to miss our time together but its definatly not over! I live you Momma and I promise I'll be good and see you again!
