“ Dear Suzanne,

Our hearts go out to you. May your family, memories and friends help you through this time.

Wally, my dear friend I miss you so much ! I never met Wally in person, never talked to Wally on the phone, never saw a picture of Wally. We met through collecting on the internet and our friendship grew from there.

Wally was always there for me with advice and support through my dark days, and celebrated with me on my bright days.

It is not a surprise to read how Wally meant so much to so many people, always making others feel special.

I'll see you on the field "Pete"

“ Wally was a friend who made everyone around him feel special. He was the most interesting person to talk too. Wally was so knowledgeable in every field imaginable. He was like a brother to everyone and had a way of making you feel like family. I really enjoyed working with him and Kim and I will really miss him. We feel lucky to have known him and his wonderful wife Suzanne. Our thoughts and prayers are with Suzanne and family.
