“ *Fulton Telephone Company remembers David as a man who was very dedicated to his job, and did everything in the most professional manner. He always made us feel as if he worked exclusively for our our company. I worked with David many years at Fulton, Bruce, and Mound Bayou. More important than the work association we had were the memories we formed together. I considered David as a true friend and want offer my condolences at his passing.*

“ *When I think of David Jarrett I see that sweet smile and remember back in school days how kind and humble he was. Being the Principals kid had to have been a little difficult at times but he always handled it very well. I remember David as a very smart guy, great basketball player and a great friend to my sweet brother. Then as time goes on little did I know but his sweet son would be in the same graduating class as my son! The last time I saw you Pam you were with David and I didn't know y'all had married. One of the best surprises I've had in a very long time! Y'all fit together so very well. I cannot imagine the shock and sadness you are going through at this time. My prayers are that God will comfort you and give you peace. I think Mr. and Mrs. Jarrett had a great reunion with their son. I can see both of their sweet smiling faces as he came through the gates! God be with you and bless you.*

“ *Pam the hardest days are yet to come but remember to always remember the good days you and David had together. I know there are days you will want to be alone and other days you will need to be around family and friends. I'm never more than a phone call away. I hope I have been able to help you these past few days. I've always been the bratty little sister and we've had our times of falling out but just know I've always got your back. David never knew what I was going to say and I'll never forget how he would always just grin, sometimes turn red and then just shake his head at me. He was a great brother in law that always cared about all of us. I'm going to miss him. I love you!*
