“ *Deepest sympathy and lots of love to you and your family. Robyn was the sweetest and kindest friend who always made me feel so welcomed each time I came to visit her and Steve. I have such fond memories sitting under the stars by the pool all bundled up because it was so cold as we waited to catch a glimpse of the shooting stars. Now I know where to find her under the Milky Way.*

“ *Words cannot express my love for your family. Robyn was the sweetest person. She always made me feel so welcomed when I came to visit her and Steve many times. I can still see us sitting by the pool in the middle of the night all bundled up watching the shooting stars and viewing the Milky Way. I will miss the grand baby texts and her kindness. Your friend Kathy Wolford*
