“ *My beautiful niece...I love you as if you were my own. We shared a strong bond that will never die even as you are no longer here. I wish so much I could have helped to heal you. You deserved so much more out of this life. You were truly a shining light and I will miss you forever. I will miss our long messages and our mutual understanding of our private jokes. I can't accept this right now and probably never will. The only good that I can find in your passing is that you are with your daddy right now and what a reunion that must be. I love you Sarah..now and forever.*
