“ My thoughts, prayers, and condolences to Sally's entire family. I have known my cousin Sally all of her life and lived next to her parents when she was born. She was named after her mother and her great grandmother Sally Key Jones. Sally came to all the Jones Reunions when possible and we all still love ❤️ her so much. She was responsible and respected by the UAB Dental School/Clinic and some of the Doctors that hunted with me had wonderful comments about her above expectations work professional performance. We will have these fond memories of our Sally so go now and be with God's saved. Love ❤️ you- Bruce.

Anyone who knew my Nana knows what a special person she was. She was always there to make you laugh and have fun. Sometimes accidentally but those are the best memories to have! We will laugh and shed tears over her for many years to come but she will always be missed dearly as our Nana!
