“ Steve was my father n law. I remember going on a trip to Utah with soon to be fiancé Ed Noles and family and friends before Ed headed off to Mississippi State. On the way out there we stayed at a hotel. That morning, Steve asked me to please come outside and look at something very important with him. He knew I was going to radiology school and said it had something to do with that. I walked around the corner and he pointed to a very large black BAT. I RAN SCREAMING across the parking lot as my father n law stood laughing at me. He told that story on me numerous times over the years as well as I as I also slept in the van that entire trip while everyone else slept in tents. Steve knew his daughter n law was not an outdoor girl but he loved me any way and I loved him very much and I will miss him dearly and Ed loved him so much. I have heard so many stories over our 23 years together and they are such amazing loving stories. Ed loved Steve just as much as much as he loved Mike. There was no difference. And there was no difference in the love between Steve and Ed.
Steve you will be greatly missed.
