“ Susan, we didn't find out until day before your birthday. Stated checking on you and found memorial. We worked together many years and continued friendship after retirements. Crashed Facebook broke our link. Still think of you and loved our time together. RIP my friend.

“ Susie and I grew up in same neighborhood in Center Point, I remember spend the night parties, riding to school with her mom Gwen driving us in her black Corvair. She took dance lessons at Beverlys and I attended her recitals at Woodlawn High. Her dad was in the National Guard and I went to a few air shows with them. We never had any classes together at Center Point or Erwin but she was a dear friend I was always glad to see. She came to the house and rode with a few of us to the last Erwin Reunion. You will be missed.

“ Susie, I remember you putting the valentine card in Mama Hayes' casket. You said you always sent her one on Valentines Day and you wanted this last one to be with her. You will always be with us in our memories. A donation in your name will be made to Worthy of Love as you were always worthy of love.

“ *I will miss you every day. You were a great next good neighbor and a true friend. It's so hard looking at your house and knowing you are gone, but I know you are with Harry now.*
