“ I can't remember many days of my childhood that Tom was not a part of. Growing up on Wagon Wheel was filled with golden days of youth well spent with the neighborhood kids and Tom was a big part of those. He was an easy going, gentle boy with a quick smile and great sense of humor and honor. I would have liked it if he had come to the 30th reunion so that we could have reconnected in person as I loved sharing memories with him online. He will be dearly missed by those who knew him best, but missed as well by those who shared their early memories with him. Our lives are dimmed by his death but the night sky will shine brighter by the addition of his star.
